

## SONG OF THE AGES:

"Can you feel it in the air?  
There is more than just a climate change here!  
Angels sang Christmas morn,  
Stars declaring, "The Saviour, He is Born!"

### Refrain:

Join the Song of the Ages!  
Join the dots, look at history's pages  
Jesus Christ, Promised One  
Straddling time, Son of David  
God's own Son!

Flow'rs once green, flushing red,  
Holly's forming a crown for His head  
the wreaths, fit for Him  
Deck the halls, dress the altars for our King!

### Bridge:

Mysterious night, satin laid  
For a backdrop to Light,  
To history's Jewel, the Bright Star of David!  
Light of the nations descending upon us  
We welcome your Gospel  
Blest Saviour we chorus  
Your praise!

### Refrain:

Join the Song of the Ages!  
Stir your soul, look at history's pages  
Jesus Christ, Promised One  
Straddling time, Son of David  
God's own Son!
